The Super(stitious) Dev

@shnewto

“Any sufficiently advanced technology is indistinguishable from magic”

- Arthur C. Clarke

“The reasons why software doesn’t work when it *should* is indistinguishable from the magic of a malicious trickster spirit”

- @shnewto

(for a little while)

```
print(“Hello, world’)
```

ICE

```
rm $TMPDIR/*-dbt.sql.gz
```

```
deactivate && \
rm -rf venv/ && \
virtualenv venv/ && \
source venv/bin/activate
```
